Last Update: 9/1/2016

COI-SMART System Requirements

The system is offered as an ASP hosted, web-based Internet solution. The Administrator, Reviewer, and Respondent interfaces are accessed via a web browser on the same URL / site.

Browser: COI-SMART supports Windows and Mac users on the following browsers:

- Microsoft Internet Explorer 11
- Mozilla Firefox
- Apple Safari
- Google Chrome

Protocol: COI-SMART negotiates HTTPS connections over TLS v1.1+ using 2048-bit certificates; the weaker SSL v3.0 and TLS v1.0 protocols are not supported.

The system does not require any non-standard or proprietary software in order to run. The application content is delivered to the desktop browser as HTML and client-side JavaScript.
